About Special Olympics Pennsylvania

Special Olympics Pennsylvania (SOPA) provides year-round training and competition in 21 Olympic-type sports to more than 20,000 children and adults with intellectual disabilities or closely related developmental disabilities. For 50 years, SOPA and its 54 local programs have used the power of sports to transform the lives of people with intellectual disabilities and unite everyone by fostering community and building a more acceptable and civil society. SOPA is much more than a sports organization. Through its Athlete Leadership Programs, athletes assume meaningful leadership roles, influence change within the Special Olympics movement and take on roles as Global Messengers (trained as public speakers for Special Olympics), athlete representatives, coaches, board members and more. SOPA also addresses major challenges facing its athletes including

healthcare. Its Healthy Athletes program offers athletes free health screenings in the form of eye, ear, dental and podiatry assessments. Athletes are also taught how to live active lifestyles, eat healthy and more. Additionally, SOPA strives to create a unified world by promoting inclusion, uniting communities, and changing attitude. Through Unified Sports, SOPA brings together individuals with and without intellectual disabilities as equal teammates in training and competition, which promotes respect and acceptance, and facilitates meaningful relationships between people of all abilities.
