

Beaver Stadium Run Bag Policy

Special Olympics
Pennsylvania

“BE CLEAR” ON RACE DAY SAFETY

In the interest of security: food, water bottles, hydration backpacks, backpacks, umbrellas, purses, bags, or diaper bags are **not** permitted in Beaver Stadium. Exceptions will be made for spectators in wheelchairs or with other disability assistance tools.

Anyone with a medical need should place their supplies in a clear, one gallon, zip-close plastic bag. Parents may carry diapers and wipes in a clear, one-gallon zip-close plastic bag with the contents visible. Individuals are advised that items that can fit in a pocket should remain in a patron's pocket (including but not limited to keys, cell phone, wallet, glasses, camera, sunscreen, lip balm, and make-up). General items of this nature, including those that don't fit in a patron's pocket, can also be placed in a clear one-gallon plastic bag.

Children's strollers must be parked in the identified area on Curtin Road directly across from the tunnel entrance. Participants running with jogging strollers must vacate their strollers on south side of Curtin Road prior to entering the tunnel. Volunteers will be there to assist you.

Special Olympics Pennsylvania and Penn State are not responsible for items that may be lost or stolen, so please leave bags, coats, and valuables in your car. These same regulations apply for spectators entering at Gate B.

Thank You,
Beaver Stadium Run Committee
